GRANTSMANSHIP CENTER NEWS INDEX

January–December 1981

This index is designed to provide quick and easy access to information contained in the last six issues of the *NEWS*.

The first number that follows each entry indicates the issue; the second number, the page. For example, 43:8 means issue 43, page 8.

Feature articles appear in **bold face**. Other entries in the index are from sidebars or from the "News & Comment," "From the Publisher," and "From the National Committee for Responsive Philanthropy" departments. Rather than list each publication reviewed during the past year, we have included the heading "New Publications" in any category for which one or more books were reviewed.

Articles available as separate reprints are marked with an asterisk (*); to obtain articles without asterisks, order back issues (see the order form on page 80).
